Dear Sir:

Thank you for your letter of March 21, 1997, informing me of Centurion Mines plans for the OK Mine in western Beaver County. I'm not sure why I was informed, but thanks.

We decided not to hold their operation up while we looked into the ownership of the OK. That was a big mistake! We did not find any proof of ownership at this time. The legal fees are amounting to too much for a just retiring widow to pay for long.

We have not come to an understanding with Centurion yet. They are at present trying to get out of the lease payment on other properties which was due last November 1996 and will again be due in November 1997. They surely haven't shown any good faith in our dealings. No money of any kind has been received from them.

Perhaps these happenings are not important to the Department of Natural Resources, but I feel the need to let you know what has transpired.

Thank you again.

Sincerely,
